VISTA CORSO FRANCIA

VISTA VIA DUCHESSA JOLANDA

JOLANDA

A modern multi-story apartment building with a grey and brown facade and cantilevered balconies. The building features a mix of materials, including grey panels and dark brown accents. It has several floors with large windows and balconies that project outwards. The building is situated on a city street, flanked by older, more traditional buildings.

A traditional multi-story apartment building with a yellow facade and brick balconies. The building has a classic architectural style with arched windows and decorative elements. It is situated on a city street, flanked by modern buildings. The balconies are made of brick and have a curved design. The building has several floors with windows and balconies.

A city street with a red van and several cars parked along the curb. The street is paved with asphalt and has yellow markings. A white fence runs along the side of the street, separating it from the modern building. A black fence runs along the side of the street, separating it from the traditional building. A sign on the black fence reads "passo carrabile".

A bicycle rack with several bicycles parked in it. The rack is made of metal and has a curved design. It is located on the sidewalk in the foreground of the image.
